THE GIRONDE

With 10 000 km², the Gironde is the largest département of France. With a mild climate, the forest (45% of the territory), vines (12%), lakes and beaches compose most of its landscape shaped by the strong presence of water : ocean, Garonne and Dordogne

There is not just one Gironde: Atlantic Gironde with its majestic estuary, unspoilt coastline, maritime pines, lakes and the famous Arcachon basin, an inland sea bordered by Europe's highest dune, the great Dune of Pilat (107m). Inland Gironde with its world-famous vineyards (Médoc, Pomerol, Sauternes, Saint-Emilion ...) and its remarkable architectural heritage: Romanesque churches, fortified mills, medieval castles, and Renaissance citadels

Bordeaux

The agglomeration of Bordeaux has about 737,000 inhabitants.

Bordeaux is 2000 years old, it is the world's capital of wine and has a unique architectural heritage, with its outstanding protected area from the 18th century and the largest neoclassical façade in Europe.

Bordeaux owes its fortune to its wines, its port called Port of the Moon (because of the crescent shape formed by the Garonne), and the colonial trade (sugar, slaves) which reached its golden age in the 18th century.

The Headmaster's word

Pessac is part of the urban community of Bordeaux. The vocational highschool Philadelphie de Gerde offers industrial trainings, as well as sales and trade.

The « Gironde » is an area made of rivers, estuary, lakes, basin and ocean. We are looking forward to receive you in our school where the forests and vineyards, marvellous heritage of our history, complete the landscape of our district.

The headmaster,

Mr Andro
